Help Us Build a Safe Haven for Our Elders

Our elders are the keepers of our traditions, the story tellers of our culture, and the foundation upon which our society stands. Yet, many of them are left alone, neglected, and without the basic care they need. Today, we invite you to become a part of a meaningful cause - to help us establish an old age home that offers dignity, comfort, and love to those who need it most.

We, health for all, a non-profit organization is dedicated to improving the lives of vulnerable and underserved communities. With years of vast experience in humanitarian service, we have seen firsthand the growing number of elderly individuals who are abandoned or living in extremely poor conditions. They deserve better. They deserve a peaceful home.

Our goal is to raise funds to establish a fully functional old age home that will provide shelter, nutritious meals, medical care, emotional support, and a sense of community for the elderly. This facility will not only be a roof over their heads-it will be a space where they feel valued, heard, and cared for.

We envision a home with clean and spacious rooms, a fully equipped kitchen and dining hall, an infirmary for regular health checkups, and recreational areas for social interaction. Trained staff and volunteers will be available round the clock to ensure the safety, comfort, and happiness of our residents.

But we can't do this alone. Building and maintaining such a facility requires significant resources. Your generous contribution-big or small-can make a life-changing difference. Every donation brings us one step closer to giving these elders a new beginning.

Here's how your support can help:

- ◆ Rs 800/ (\$10) can provide a day's worth of meals for one elder
- ◆ Rs 4000/ (\$50) can cover a week's worth of medicines and medical checkups
- ◆ Rs 8000/ (\$100) can help us furnish a room with basic necessities
- ◆ Rs 42,000/ (\$500) can sponsor a complete monthly care package for one elder
- ◆ Larger donations can help with infrastructure, utilities, and long-term sustainability.

All contributions will go directly toward the construction and operation of the old age home. We are committed to transparency and will regularly update our donors with progress reports, photos, and stories from the home.

You can also help by sharing this campaign with your friends and family. The more people we reach the more lives we can touch.

Together, let's build more than just walls and a roof-let's build a future where no elder is left behind. Your support means the world to them-and to us.
